

Interested in Playing College Volleyball?

Looking to get added exposure without going all over the country?

Then you need to look into the

4 States Sports Volleyball Combines!

Open to all volleyball players, classes 2013-2019

Athletes will be tested in:

Hitting Velocity
Approach Jump
Block Jump
Endurance Jump
10-yard Dash
20-yard Dash
Agility Cone Drill
Power Ball Throw

After the testing is completed, players will then play 5-on-5 and 3-on-3 volleyball in front of college coaches!

MVP awards are given out for fastest player, hardest hitter and highest jumper. The biggest award at each combine is the Overall MVP which is for the best overall player in the Combine, voted on by the college coaches in attendance. 4 States Sports also uses fully-electronic timing systems and film each athlete going through every test, drill and competition. We invite every college coach in America, and make the film available to the coaches that can't attend.
