

Have you heard about St Louis City and St Louis County looking to Merge together?

Please see www.amypoelker.com under my Better Together tab to learn more about this phenome and WHY IT IS BAD FOR US RESIDENTS if it should pass.

Understand, our State Representatives Will Vote on whether a bill to take this to a STATEWIDE VOTE, will be on the Ballot in 2018. At this point like the Cities Police Pension vote, the rest of Missouri will just vote yes on this assuming that St Louis County wants to merge with the City of St Louis.

The rest of the State should not get a say in how we here in St Louis prefer to be governed. A Statewide Vote would eliminate our voices. This vote should only be made by the residents of St Louis City and St Louis County period.

Please take the time to write or Email every House and Senate Representative on this list, so they know how you feel either way. And for those who do not want this understand that if you do not speak up on this.... All of those who have been pushing this or do want it... they will speak up.

Don't let them be the only voices that are heard.

Thank You

Amy Poelker
